Subject: Letter of Gratitude

Dear Mr. K.S. Chaddha,

I am writing this letter on behalf of the Samarpan Foundation to express our gratitude to Compro Technologies for extending their generous support by setting up the computer lab for our students at the Kishangarh school. It is the organizations like yours that help us keep our goal of imparting education to children alive.

Compro's contribution of 10 computers and a UPS as well as its assistance in getting the lab outfitted with the required tables and internet connectivity has helped us get closer to our objective of providing advanced learning to our students. Your readiness to assist us following the lab's installation is what makes you us more grateful. We really appreciate your help, and look forward to working with you in the future.

*Once again, we thank you for adding brightness to the lives of these children.*

Yours Sincerely,

Roohi Sharma  
Vice Chairperson  
Samarpan Foundation
